

KEN FAN

Keeping things simply Balearic.

IBIZA DJ / PRODUCER / RADIO HOST

Born in Birmingham with Hong Kong roots, Ken Fan has been a resident DJ at Café del Mar Ibiza since 2014. His sunset sets move between ambient, flamenco, dub reggae, trip hop and deeper house, following the light and the mood of the terrace.

At Pikes Ibiza he plays poolside, in the Plaza and in Freddie's. His weekly *Rituals* show on ROVR draws from the same Balearic range.

About Ken Fan

Early Beginnings

Ken Fan's journey into the world of music began in his hometown, where he organised local raves that quickly gained popularity. Despite the enthusiasm and energy these events generated, they were eventually shut down by the authorities. Undeterred, Ken's passion for music and the vibrant nightlife culture propelled him to seek opportunities in more established venues, setting the foundation for a lifelong career in electronic music.

Ibiza: The Heart of His Career

For over a decade, Ken Fan has made a significant mark at Café del Mar in Ibiza, where he has become synonymous with the island's iconic sunset experience. Performing at more than 200 sunsets each year, his carefully curated sets provide the perfect soundtrack for visitors seeking to unwind and absorb the breathtaking views. His music captures the essence of the Balearic spirit: soulful, melodic, and deeply atmospheric. In addition to his residency at Café del Mar, Ken is also a resident DJ at the legendary Pikes Ibiza & 528 Club, where he showcases his versatility by performing everything from relaxed daytime sessions by the pool to energetic sets late into the night at Freddie·s. His ability to adapt to different moods and audiences has made him one of the most respected and in demand DJs on the island.

Musical Releases and Collaborations

Ken Fan's discography reflects his eclectic taste and deep understanding of music. He has released tracks on esteemed labels such as Music For Dreams, Nu Northern Soul, Is It Balearic?, Strictly Rhythm, and Buddha Bar. His productions blend elements of deep house, chillout, and Balearic sounds, creating a distinctive style that resonates with listeners around the world. Each release showcases his ability to craft emotive soundscapes that bridge the gap between the dance floor and the sunset horizon.

Broadcasting and Guest Appearances

Beyond his live performances, Ken Fan has become a familiar voice on the airwaves. He has made regular guest appearances on BBC Radio 1, Ibiza Sonica, Global Radio, and ROVR, sharing his signature sound with international audiences. His weekly ROVR shows and guest mixes highlight his skill as a curator, blending genres and moods to create immersive listening experiences that reflect his deep connection to Ibiza's musical identity.

Notable Venues and Experiences

Throughout his career, Ken Fan has performed at some of Ibiza's most iconic venues, including Space, Underground, Pacha, and Privilege. His musical journey has also taken him beyond the island, with residencies at Fabrik in Madrid and the renowned Miss Moneypennys/Chuff Chuff in the UK. It was through Miss Moneypennys that Ken first connected with the Ibiza scene in the late 1990s, a pivotal moment that would shape the rest of his career.

Legacy and Recognition

Ken Fan holds the distinction of being the first Hong Kong origin resident DJ of Ibiza, a milestone that underscores his global influence and pioneering spirit. His dedication to his craft, combined with his ability to connect with audiences through music, has earned him a lasting place in the island's rich musical history. Whether performing live, producing tracks, or broadcasting to listeners worldwide, Ken continues to embody the true essence of the Balearic sound.

Conclusion

DJ Ken Fan has established himself as a key figure in the international electronic music scene, particularly in Ibiza, where he has spent years honing his craft and captivating audiences. With a rich history of performances, releases, and collaborations, he remains a driving force in the world of music, creating timeless experiences that celebrate rhythm, emotion, and the universal language of sound.
